GLANCE over the reports of township trustees in this and neighboring counties and you will find that the trustees get most of their job printing done by foreign printers. Not that they can get good work done better or cheaper but because trustees are hypnotized by the supply agent. They get many other supplies away from home that they could buy at home at the same price and save express and freight charges. It is economy as well as patriotism for the public official to trade at home.

Political Gossip.

Jones Moryhan, of Orleans, is now a full fledged candidate for State treasurer and his name will go before the republican state convention in 1906. Mr. Moryhan was a member of the legislature in 1897. He is a banker and has other business interests. He is well acquainted over the state and has a host of friends. He is prominent in Knights of Pythias and Masonic circles.

Adam Heimberger, of New Albany, and M. A. Sweeney, of Jasper, reach have ambitions to be democratic state chairman. Heimberger stands the closer to the Taggart machine.

Review Of Reviews.

A few features stand out prominently in the Review of Reviews table of contents for February: the editorial treatment of the Russian situation up to and including the outbreak of January 22 at St. Petersburg; the review of the Russo-Japanese war, apropos of the fall of Port Arthur and the close of a full year of hostilities; the discussion of Panama Canal problems by Minister John Barrett; "Street Railway Fares in the United States," by Edward Dana Durand; "Baltimore, One Year After the Fire," by Day Allen Willey; "Manhattan Bridge: A Lesson in Municipal Esthetics," by G. W. Harris; "General Stoessel, Russian Defender of Port Arthur," the usual comment on topics of the day in "The Progress of the World."

Former Seymour Boy.

The Music Trades published in New York, has the following to say in the current number of a former Seymour boy, Moses Edwin Gumble: "Moses Edwin Gumble, the well known musician and composer and general professional representative of the Jerome H. Remick Co., has joined himself for life with Miss Clarice Vance, the gifted vaudeville singer, whose career has been one of marked success. They were married in Indianapolis last month where Miss Vance was with the Orpheum company."

Mr. Gumble when he lived here some years ago was very popular with a host of friends.

Farmers State Congress.

The third annual meeting of the Farmers State Congress of Indiana, will meet in the state house at Indianapolis February 7, 8 and 9. Programs have been issued which can be secured of W. H. Newsom, of Ellettsburg, Iowa. All farmers are urged to attend the meetings. Mutual advancement through closer affiliation is the purpose of this congress.

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. A remedy for Nasal Catarrh which is drying or excoriating to the diseased membrane should not be used. Cream Balm is recognized as a specific. Price 50 cents at druggists or by mail. A cold in the head immediately disappears when Cream Balm is used. Ely Brothers, 56 Warren St., New York.

Holiness Revival.

The revival meetings will probably close at Armory hall tonight and Evangelist Ferguson goes to Wilmore College Ky., for his next meeting. There have been about twenty profess conversions during these meetings.

CORONER

Inquiring into Cause of Ralph Rider's Death.

Dr. H. W. Washburn, county coroner, returned to Crothersville Monday to continue his inquiry into the cause of the death of Ralph Rider. Conductor Brooks and Engineer Perry, who were on No. 1 that night were with him, also Louis Richards, assistant claim agent.

It has been ascertained that the Rider boy had at times previous to that night boarded trains at the depot and ridden to a point near his home and then would jump off. No one can be found who saw him board the train last Friday night. One witness testified that he was at Cutshaw's restaurant before the train went north. The watch in his pocket stopped at 9:42 which was just a few minutes after No. 1 was due at Crothersville.

Sam Baxter, a youth, testifies that he was going home about 10 o'clock that night and saw the head of some person at the side of the track. He told his story in an excited manner when he got home, but the folks thought he was only frightened and gave no credence to his story. The body was terrible mangled and was more than 200 yards from the head.

The funeral and burial of the unfortunate boy occurred Monday afternoon.

In Trouble.

William Dixon, a well known colored man of this city, has some trouble on his hands at Paducah, Ky. Recently a difficulty arose between him and another colored man named "Kid" Stevenson. A fight ensued and Stevenson was killed and Dixon was more or less hurt.

Dixon alleges self defense and believes he can sustain his claim when it comes to the trial. The men both boarded at the same place. Dixon was working for the Illinois Central as brakeman, having succeeded the Stevenson who became jealous of the success Dixon was achieving with the job. Dixon has been in jail several days but believes he will be acquitted when he is tried.

Ezra Scott, of Mooney, was in town today.

Hon. Louis Schnock is still confined to his home by sickness.

W. P. Masters, John M. Lewis and A. N. Menden went to Indianapolis this afternoon.

Miss Nina Ewing left this afternoon for New York where she will join a party on a trip abroad. She will be gone several months and will visit Egypt, Greece, Rome and the Holy land.

A Surprise Party.

A pleasant surprise party may be given to your stomach and liver, by taking a medicine which will relieve their pain and discomfort, viz: Dr. King's New Life Pills. They are a most wonderful remedy, affording sure relief and cure for headache, dizziness and constipation. 25c at W. F. Peter Drug Co.

LOOKING FOR BLUEBEARD

Close Net Set for Alleged Many-Times-Wife-Murderer.

Chicago, Jan. 30.—Information as to the probable whereabouts of Johann Hoch, the German who is said to have had a new wife for every month in the year, and who is wanted in Chicago on a charge of wife-murder, has been received from all parts of the country. The best clue came from New York, where a man answering Hoch's description applied for transportation at the office of the German steamship lines. No Chicago detective has been sent to New York, but the New York authorities have been requested to watch all the Eastern ports to prevent the escape of the alleged bigamist should he attempt to return to his native country.

"It will be but a short time now until we will have Hoch in custody," said Chief of Police O'Neil. "We have communicated with the police of nearly every large city in the country and requested them to be on the lookout for the fugitive. He will have to be a pretty shrewd man to escape the network that we have thrown around him."

Crushed Beneath Engine.

Portsmouth, Ohio, Jan. 30.—West-bound passenger train No. 21 on the Norfolk & Western "side-swiped" a freight at a siding just outside the city last night and Engineer Benjamin Anson of the passenger train was probably fatally injured and Arthur Richmond, fireman of the passenger, and Conductor Callahan of the freight were severely hurt. The passenger engine and baggage car were overturned and Anson was caught beneath the engine.

Hasn't Lost Hope.

St. Louis, Jan. 30.—Thomas K. Niedringhaus, Republican caucus senatorial candidate, who returned to St. Louis from Jefferson City Saturday, went back last night. He stated that he was hopeful that the United States senatorial deadlock would be broken this week and that he would remain in the capital until the successor to Senator Cockrell had been elected.

St. Louis Getting Good.

St. Louis, Jan. 30.—Chief of Police Kiely has returned from a conference with Governor Folk at Jefferson City, and declared that the crusade recently commenced in St. Louis against wine-rooms, gambling houses and the general suppression of vice will be continued.

A DISTINGUISHED PHYSICIAN'S

Opinion Regarding Old Age.

A distinguished physician has recently declared that "Old age is not a time of life—a length of years—but a condition of the bodily tissues, and it is possible for a man at 50 to seem older than a man at 70."

"This is a fact. We happen to know a mother of 84 years, and a daughter of 60 years right here in Seymour and honestly you would believe the daughter to be the older of the two. The mother is alert, lively and active, while the daughter is fast losing her mind and memory, and literally dying of old age."

"The secret of youth," says Mr. Peter, of the W. F. Peter Drug Co., is to keep the bodily tissues from wasting, and the greatest discovery known to medicine for this purpose is our cod liver oil preparation, Vinol, as it contains in a highly concentrated form all of the medicinal elements of cod liver oil, actually taken from fresh cod's livers, but without oil or grease. Vinol is an ideal strengthener and body builder for old folks, it repairs worn tissues, checks the natural decline, and replaces weakness with strength as nothing else can.

"Vinol tones up the stomach, creates a healthy appetite, makes rich, red blood, and invigorates and strengthens every organ in the body to do its work as nature intended. Vinol is indeed a great blessing to old folks, and extracts from such letters as the following prove it:

Mrs. Sarah J. Windrom of Chicago, Ill., grand-niece of Alexander Hamilton, says: "Vinol is a godsend to old people as it is such a wonderful vitality and strength creator."

Mr. A. J. Baker of Evansville, Ind., says: "There is nothing like Vinol for the aged, and he would not take a thousand dollars for the good it has done him."

"I just wish every person in Seymour who 'feels old' whether they are old in years or not, would try Vinol on our guarantee. We will give back your money if you are not satisfied—we mean this for a fair offer and it is up to you to prove our good faith.—W. F. Peter Drug Co.

Just Watch Our Smoke.

It comes from the best coal on the market. Where is it to be obtained? At the yards of The John Ebner Ice Company. Anyone will tell you that.

The Diamond Cure.

The latest news from Paris, is, that the have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take remedy mentioned by W. T. McGee, of Vanler, Tenn. "I had a cough, for fourteen years. Nothing helped me, until I took Dr. King's New Discovery for consumption, coughs and colds, which gave instant relief, and effected a permanent cure." Unequalled quick cure, for throat and lung troubles. At W. F. Peter Drug Co., price 50c and \$1.00, guaranteed. Trial bottles free.

An Animal Story For Little Folks

The Cautious Gobbler

The Rev. Ishbosheth Whitewash had at one time a large brood of fowls. They kept him supplied with eggs enough to make cake for the donation parties that so frequently visited him. They also furnished food for the large number of visiting clergy who found it convenient to drop in whenever they

"THEY'RE AFTER ME."

felt the need of chicken. But so large had been the demand on his larder that the stock was now reduced to a tough old rooster and a forlorn turkey gobbler. One day the Rev. I. Whitewash had friends to dine and went out into the yard for the capture of one or other of the lonesome pair.

Mr. Turkey Gobbler saw him coming. "No, you don't!" he cried as he flew up on the ridgepole of the barn. "They're after me," said the rooster as he slipped through the parson's fingers, leaving a crop of tail feathers.

"Gt under the barn!" shrieked the gobbler.

"Give me time, that's all!" the rooster cried back at the parson. The parson was outwitted. He poked and shooed and entreated, but both were wary.

At length, discouraged, he went into the house. Cautionously Mr. Rooster crept out and crowded up to the gobbler. "Dyer—think—he's gone—for—go—e—d!"

"Doubtful! Doubtful! Doubtful! Doubtful!"—St. Louis Post-Dispatch.

A LOW PRICED HOME.

Attractive Dwelling Which May Be Built For \$900.

[Copyright, 1901, by Stanley A. Dennis, 250 Broadway, New York.]

The perspective and floor plans of the house herewith described show a low priced dwelling for a man of moderate means. It has a very good interior for a low priced house and a pleasing and attractive exterior.

The first floor contains a parlor, dining room, kitchen and hall, with a piazza. The kitchen has a sink, pump

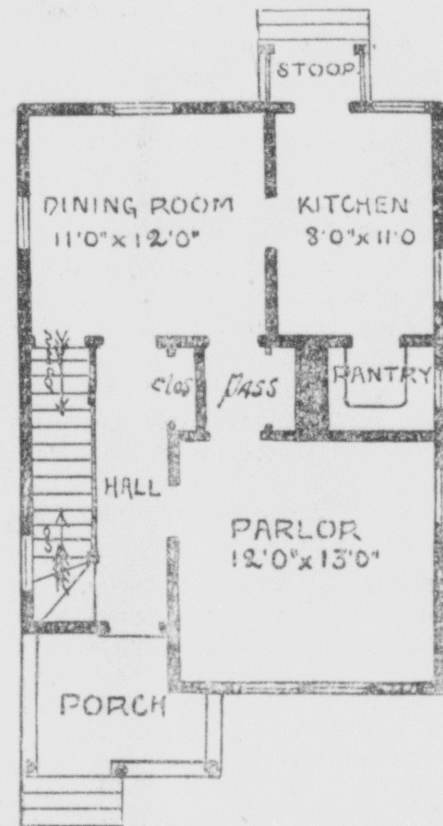

PERSPECTIVE VIEW.

and range. There is a nice closet in the dining room, and the parlor is large and roomy for so small a house. The second floor is laid out in bedrooms, with plenty of closet room.

The dimensions of the house are 20 by 23 feet. The underpinning is built of stone laid up in cement mortar. There is a concrete cellar under the entire house.

The superstructure is frame, sheathed and covered with siding on the first

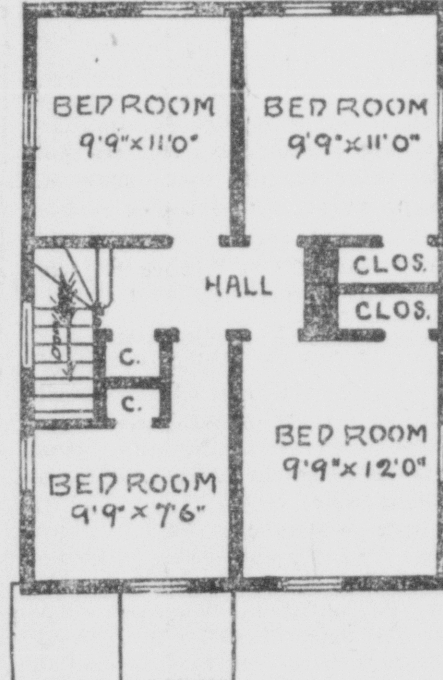

FIRST FLOOR PLAN.

floor, while the second floor is shingled. The shingles are all stained a pea green before being put on. The body of the house is painted a colonial yellow, with white trimmings, and the roof is stained red. All windows are fitted with outside blinds painted green.

The interior trim is all cypress of a neat design and is filled, rubbed and varnished in the natural wood.

The hardware is ornamental black japanned, with porcelain knobs, roses and escutcheons. The house is also

SECOND FLOOR PLAN.

provided with gas. A hot air furnace can easily be put in at a cost of about \$75.

The design has been used a number of times in New York and throughout the New England states at a cost not exceeding \$900, though in places where labor and materials are high priced the house may cost slightly more than this.

The Piazza.

The much considered piazza has now grown into a place of consequence and has developed into an outdoor dining room. Japanese screens and awnings afford the shelter, and for the floor what is better than a cocoa matting in red, with stripes of green or yellow or grass mats of good size?

The new outdoor furnishings are charming. An attractive set is in oak, the sofa having seat and back of checkered green matting. Then there are big easy chairs of the same comfortable design and a round table of quaint pattern. The floors may have matting rugs to suit the scheme.

In the furnishing of some piazzas floral decoration has an active part. Along the house steps at either side are india rubber plants set in green painted tubs, hanging baskets of summer foliage or Boston ferns in pots grouped along the piazza rail. Flower boxes set along the rail add greatly to the piazza's attractions.—New York Mail.

Comforts the heart, strengthens the mind. Is good ill or well. Makes the face bright as the summer morn. It's what Hollister's Rocky Mountain Tea will do. Cures when all else fails. 35 cents. W. F. Peter Drug Co.

FURS OF THE DAY.

Automobile Fur Capes With Hoods Are Becoming.

The furs in a mode for the moment are undoubtedly ermine, white fox and sable. Ermine coats, semimiting, are a great deal used for carriage wear. A pretty example has a deep collar of yellow lace and quaint cords and tassels for fastenings. It is lined with a delicate shade of green silk. The toque of ermine to be worn with this wrap has ivy and mistletoe for trimming.

Some charming fur capes especially designed for evening wear have a lin-

TOQUE OF SABLE.

ing of soft silk or satin in pale shades and a deep capuchin hood lined in the same manner. The cape reaches to the waist, being usually carried out in ermine, chinchilla or sable. The hood is elaborately embroidered around the border in colored silk or in gold or silver with a heavy gold tassel as a finish. Capes of cloth made along these lines and bordered with an edge of some inexpensive fur would be stunning.

The longer fur capes for automobile wear are also treated with fur hoods and prove of the greatest comfort to the chauffeur during cold winter rides in the evening. Separate fur hoods for automobile have narrow fur capes attached and are worn with the great coats.

The toque pictured is a most becoming affair made of sable. The new argus quills outline the brim, and three feathers of the same kind are placed in an upright position at the side, finished with a velvet bow. A handsome sable boa is worn with this smart hat. JUDIC CHOLLET.

VOGUE OF THE WAISTCOAT.

Tiny Buttons Used to Outline Seams. A Blouse Novelty.

The vogue for the waistcoat on both coats and gowns is becoming more pronounced than it has ever been before. Some of the new examples are in plain silk, cloth or satin, without any embroidery whatever and buttoned down the front with a row of tiny buttons. A pale gray cloth costume boasts a tight fitting waistcoat of white watered silk piped with pale pink panne and adorned with tiny round opal buttons.

A curious development of the craze for buttons is shown in the case of a

ZENANA DRESSING GOWN.

gown of rough gray chevrot tweed. It is fashioned with lapped seams on blouse and skirt, each being outlined with a row of tiny gray leather buttons considerably smaller than the top of a hatpin. The gown has no other adornment except a belt of soft gray suede fastened with heavy Egyptian looking clasps in oxidized silver set with imitation scarabs. The sleeves are full to the elbow and tight below.

One of the daintiest blouses seen recently is constructed of alternate bands of black panne ribbon or velvet and white lace insertion. The lace is mounted over ombre ribbon in no less than three shades. The darkest portion of the ribbon is placed at the side seams, and the light ends meet in the center.

An ideal material for a dressing gown is zenana cloth. This material has a silky surface and a woolen back. The charming dressing gown illustrated is carried out in this fabric in a lovely shade of peach pink. It is simply cut and is full enough to wrap around the feet. It is lined with pongee and has a large collar of net and a jabot of lace down the front and around the hood. JUDIC CHOLLET.

Forced to Starve.

B. F. Leek, of Concord, Ky. says "For 20 years I suffered agonies, with a sore on my upper lip, so painful, sometimes, that I could not eat. After vainly trying everything else, I cured it with Backlen's Arnica Salve." Its great for burns, cuts and wounds. A W. F. Peter Drug Co. Only 25c.

DREAD OF HUMANITY

I am compelled by a sense of gratitude to tell you the great good your remedy has done me in a case of Contagious Blood Poison. Among other symptoms I was severely afflicted with Rheumatism, and got almost past going. The disease got a firm hold upon my system; my blood was thoroughly poisoned with the virus. I lost in weight, was run down, had sore throat, eruptions, spots, and other evidences of the disease. I was truly in a bad shape when I began the use of S. S. S., but the persistent use of it brought me out of my trouble safe and sound, and I have the courage to publicly testify to the virtues of your great blood remedy, S. S. S., and to recommend it to all blood-poison sufferers, sincerely believing if it is taken according to directions, and given a fair trial, it will thoroughly eliminate every particle of the virus. JAMES CURRAN, Stark Hotel, Greensburg, Pa.

Painful swellings in the groins, red eruptions upon the skin, sores in the mouth and loss of hair and eyebrows, are some of the symptoms of this vile disease. S. S. S. is an antidote for the awful virus that attacks and destroys even the bones. S. S. S. contains no Mercury, Potash or other mineral ingredient. We offer \$1.00 for proof that it is not absolutely vegetable. Home treating the symptoms and other interesting and valuable information about this disease, mailed free. Our physicians advise free those who write us.

Who Would Not Accept.

Pushed Ahead By Advertising

A British journal recently commented on the fact that whereas the tea grown in China was formerly the most popular, it now occupies second place, while Ceylon tea has become the favorite with all classes of people. The question, What has brought about this change of taste? is not, however, a difficult one to answer. As a prominent firm of dealers pointed out, Ceylon tea has been liberally advertised for some years, while the Chinese product has not been advertised at all. The change noted has been wrought during these years, and it is therefore reasonable to conclude that advertising is the principal cause thereof. As a result of advertising the consumption of Ceylon tea has increased so rapidly that in many cases China tea has practically been forced out of the market. Yet the actual difference in the quality of the two is not material.—Profitable Advertising.

The same might be said of many merchants who have forged to the front by liberal and persistent advertising in newspapers. Such examples can be found in the columns of this paper.

A New Kind of Bronze.

The demands of automobile manufacturers for a metal able to sustain extraordinary pulling and twisting strains have led to the invention in France of a new alloy, which is called "formetal." It contains, in addition to the usual constituents of bronze and brass, a mixture of other metallic elements, which contribute great power of mechanical resistance. It is also said to be unalterable by the effects of exposure to the air, and it resists the attack of weak acids. It can be drawn in bars or rolled and forged. Nuts and screws made of it are unoxidizable.

Telephones on Trolley Cars.

Street car telephones, over which crews or passengers may converse at any point reached by telephone, have been installed on the Charleroi division of the Pittsburgh Railway company. On each car running between the hill-top and Allegheny were placed portable boxes with a complete long distance outfit. The service worked well for thirty miles. The contrivance is the work of James W. Boden, superintendent of telephones for the Philadelphia company, and S. P. Grace. It is the first of the kind ever installed.

Assassination of a Prince.

Batoum, Jan. 30.—Prince Gurlieli, an officer of the police guard while driving past the iron works Sunday was shot and killed by an unknown man. No arrests have been made.

Ebner's Coal Yard News.

BLACK CREEK COAL from the Linton fields is a coal that always gives satisfaction. It burns neither too rapidly nor too slowly. Instead, it is an even burner, and, unlike some other kinds of coal, the amount of ashes it leaves is small.

Especially is Black Creek a splendid fuel for cooking, to which those who have used it for this purpose can testify.

Our large supply of Black Creek coal is at your disposal, and we respectfully solicit your patronage.

Some people prefer a higher grade of coal. To them we would suggest that they try some of our Chestnut Anthracite, Jackson Hill Domestic, W. Infrede, Pittsburgh, or "Lincoln" Yough-ebny lump. All are in the same class, and their quality is unexcelled.

No lower prices than ours for any grade of coal can be obtained in Seymour. Your orders will promptly be filled.

Bent Her Double.
"I knew no one, for four weeks, when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter, of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure stomach, liver and kidney disorders; at W. F. Peter Drug Co., price 50c.

RAILROAD RUMBLINGS

Brakeman George Cook is reported not so well today.

Brakeman Ira Haas and wife have returned from Cincinnati.

There was a conference here today between the car inspectors of the P. C. C. & St. L., the B. & O. S-W. and the Southern Indiana railroads.

Wm. E. Arnold, a B. & O. brakeman was called home from Washington last night by the sickness of his child. The child is reported better today.

Brakeman James Demaree has gone to Chicago to accompany his wife home. She has been visiting her mother and other relatives in that city the past month.

Mrs. John W. Hinkle, widow of a former B. & O. S-W. brakeman who was killed while making a coupling at Montgomery a few months ago, has received \$1,500 from the railroad, which she accepted as remuneration for any claim for damages she held against the road. Her claim was settled out of court, no suit having been filed.

John Haislup, of Columbus, who brought suit against the Pennsylvania railroad for \$15,000 damages for personal injuries, was given a verdict at Franklin Saturday for \$5,000. Haislup was pushed or fell off a passenger train at Columbus a few months ago and had an arm cut off. This led to the filing of the suit at Columbus which was venue to Franklin.

There is more catarrh in this section of the country than all other disease put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case if it fails to cure. Send for circulars and testimonials.

When you feel a sense of weight and oppression after meals it means indigestion. Hollister's Rocky Mountain Tea positively cures indigestion, constipation and stomach troubles. 35 cents, Tea or Tablets. W. F. Peter Drug Co.

Facing Starvation

With Plenty of Money to Buy Food.

A Minneapolis Woman's Terrible Experience With Dreaded Dyspepsia.

Mrs. M. J. Swanson, of Minneapolis, Minn., relates her experience as follows:
"I want everyone to know how Rexall Dyspepsia Tablets have helped me. I suffered with stomach trouble for two years and was in a terrible condition. I had lost thirty pounds in weight and looked twenty years older than I am. I was half starved, for nothing that I ate seemed to give me strength. A friend told me of Rexall Dyspepsia Tablets and after taking three doses I believe I am cured. I can eat anything without the least discomfort; my complexion has become clear, and I am rapidly gaining flesh.
If you are losing flesh and becoming weak and irritable, if your food distresses you, or if you are unable to sleep, get a box of Rexall Dyspepsia Tablets at W. F. Peter's Drug Co. drug store. The cost is trifling, twenty-five cents a box, and even that amount W. F. Peter's drug Co. will refund if you are not satisfied."

NEW CIRCUIT BILL.

Passed Senate Monday Morning Almost Unanimously.

Special to the REPUBLICAN.

INDIANAPOLIS, Jan. 30.—Senate Bill No. 76, introduced by Senator Carl Wood, passed the senate this forenoon by a vote of 40 to 4.

This bill provides for a new judicial circuit composed of Jackson and Scott counties and makes a separate circuit of Washington and Orange, also puts Jennings and Ripley together as one circuit.

The same bill has been introduced in the House by Representative Honan. There is every reason why it should pass and no good reason why it should not.

In Miss Ewing's Honor.

The most beautiful and perfect of the season's social functions, was a dinner given Saturday night, at the residence of Mr. and Mrs. Theo. Groub, by the ladies of the Wednesday Reading Club, complimentary to Miss Nina Ewing.

Covers were laid for sixteen, it being a progressive dinner of six courses, and in every way exquisitely appointed. Upon each table was placed a small steamer trunk filled with salted almonds, while the confections, sweetmeats etc. showed wishes for Miss Ewing's "bon voyage," and the ices were in forms of steamships. The Groub home was flowery and fragrant with carnations and roses, the ladies appearing in their handsomest gowns, all conducing to a charming evening. During the later hours, euche was played. Mrs. Dobbins won the ladies prize, and presented it to Miss Ewing, a leather shawl starr around a Japanese framed picture. Mr. Honan was fortunate in receiving the men's prize, a dress suit case, these gifts carrying out the voyage scheme. Miss Ewing leaves today for New York, from whence she sails on the White Star Steamer, "Arabic." She will visit Egypt, Greece, Jerusalem, Rome, and other historical places. Those present to wish her a safe and pleasant journey were the gentlemen and the members of the Wednesday Club, consisting of: Mr. Honan and Miss Ewing Mr. and Mrs. Theo. Groub Mr. and Mrs. C. E. Dobbins Mr. and Mrs. M. A. St. John Mr. and Mrs. Clyde Roach Mr. and Mrs. Lynn Faulkner Mr. and Mrs. Geo. C. Groub Mr. and Mrs. C. H. Williams.

Mid-Winter Outing.

The Pennsylvania railroad has planned a mid-winter outing to Florida and New Orleans for Mardi Gras. A booklet has been issued by the company descriptive of the trip, and detailing information that any one contemplating a trip South will appreciate. The objective points of most interest are Jacksonville, St. Augustine, Ormond and New Orleans. Other stops will be made at other places of commercial and historic interest. The trip will be made in a vestibuled Pullman train with all the modern equipments. This special train will leave Indianapolis Feb. 27, at 7 p. m. and passing through this city to Louisville according to schedule. The trip will cover eleven days. Here is a splendid opportunity to take a fine trip South. Consult J. W. Wray the local ticket agent, about it.

THE AMERICAN MONTLY REVIEW OF REVIEWS

The more Magazines there are, the more Indispensable is The Review of Reviews

"Indispensable," "The one magazine I feel I must take," "The world under a field-glass," "An education in public affairs and current literature,"—these are some of the phrases one hears from noted people who read The Review of Reviews. The more magazines there are, the more necessary is the Review of Reviews, because it brings together the best that is in all the most important monthlies of the world. Such is the flood of periodical literature that nowadays people say that the only way to keep up with it is to read The Review of Reviews. Entirely over and above this reviewing section, it has more original matter and illustrations than most magazines, and the most timely and important articles printed in any month.

Probably the most useful section of all is Dr. Albert Shaw's illustrated "Progress of the World," where public events and issues are authoritatively and lucidly explained in every issue. Many a subscriber writes, "This department alone is worth more than the price of the magazine." The unique cartoon department, depicting current history in caricature, is another favorite. The Review of Reviews covers five continents, and yet is American, first and foremost. Men in public life, the members of Congress, professional men, and the great captains of industry who must keep "up with the times," intelligent men and women all over America, have decided that it is "indispensable."

Tired Nervous

When you feel languid, tired, nervous and irritable, your vitality is low—your supply of nerve energy exhausted, and your system running down for lack of power.

The organs of the body are working poorly, or not at all, and you are not getting the nourishment needed. This soon impoverishes the blood and instead of throwing off the impurities, distributes it all through the body. This brings disease and misery.

Feed the nerves with Dr. Miles' Nerve, a nerve food, a nerve medicine, that nourishes and strengthens the nerves, and see how quickly you will get strong and vigorous.

"My wife suffered with nervousness previous to a recent attack of typhoid fever, but after her recovery from the fever, she was much worse, and could hardly control herself being exceedingly nervous when the least excited. She was very restless at night, and never had a good night's rest. She also suffered much from nervous headache. Dr. Miles' Nerve was recommended by a friend. After the first three doses she had a good night's rest, and at the end of the first week's treatment she was wonderfully improved. Continued use of Nerve has completed her entire cure."

OTTO KOLB,
1021 Cherry St., Evansville, Ind.
Dr. Miles' Nerve is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

PRIMARY ELECTION BILL

One of the Most Important Measures Now Pending.

Indianapolis, Jan. 30.—Senator Baracus' primary election bill which will be a special order of business in the senate Thursday afternoon, is one of the important features of legislation now pending, although it has not been widely advertised as such. It applies to all counties except Marion and therefore is of general interest. Senator Baracus presents a number of original ideas that no primary bill in the country embodies. He studied the question of primary reform for a long time and has aimed to draw a bill that will be simple and at the same time provide for secrecy at the polls. He would provide a voting place with two boxes, one red and the other white. One would be for the vote and the other for a slip of paper containing the name of the man who cast it. The man would announce his name at the time he puts his ballot and the slip of paper into the boxes. The candidates must furnish the ticket and may have watchers at the polls and at the counting of the votes. The penalties provided in the Australian ballot law are included in the bill, so as to safeguard the primary. Senator Baracus believes that this method of voting would be easy, simple and secret and would be less expensive than the plan now in vogue in many places. He believes the trouble with the primary laws is that they are too complicated. Many members view his bill favorably.

The suggestion that the report of the codification commission is withheld until the next session of the legislature for final consideration will probably not be heeded, as there is a growing disposition among the members now to amend the new code wherever it is necessary and enact it into a law. This will entail a lot of work and the session is now half spent, but many members are mastering the contents of the report and are now about ready to report. The principal fight has been on the bills governing cities and towns and the building of ditches and drains. The latter is proving an especially knotty problem. Members from the northern half of the state, where drainage is a vital question, say the commission evidently was not acquainted with the needs of the situation. It is believed, however, that an agreement on a drainage code will be reached during the ensuing week. There is no longer much opposition to the code governing cities and towns. The code on eminent domain will probably go through quickly now, inasmuch as it has been amended at the request of the transportation companies so there may be an appeal from the county commissioners in condemnation proceedings. There is not much opposition to the criminal code, but so far but little has been done toward considering the new code for private corporations.

Auditor of State Sherrick is hot after the authors of the anonymous circulars attacking his tax ferret bill. Members of the legislature have already received two anonymous letters, which charge the auditor with trying to interfere with the rights of the people who cherish the local powers of self-government. Mr. Sherrick is now challenging the authors of these letters to come into the open. He asks why they did not sign their names if their purpose is honest. He declares that the object of the bill is to put the tax ferrets out of business and that the tax ferrets are trying to stampede the bankers and members of trust companies into opposing the bill by telling them that it would give the auditor unlimited power to look into their business. It has been reported that some tax ferrets favor the bill, but Mr. Sherrick says this is absurd, inasmuch as they now receive 40 per cent of the taxes they find sequestered. Mr. Sherrick had a similar bill defeated two years ago after a hard fight, but he expects to win this time. The bill has not been reported out of committee. There will probably be a divided report.

Lory Again in Trouble.

Houston, Tex., Jan. 30.—Frank C. Lory, alleged to have secured more than \$125,000 on gold mine swindles while having headquarters at Danville, Ill., was arrested here Sunday and turned over to H. H. Whitlock, sheriff of Vermillion county, Ill., who held warrants and requisition papers. Lory has been at Galveston for some time past as solicitor of insurance.

IMPORTANT WEEK

Several Things of Wide State Interest Up in the Legislature.

THE GUILL AMENDMENT

This Significant Bit of Temperance Legislation Is Attracting General Attention.

It Is Said Liquor Interests Are Directing Their Fire Toward the Senate.

Indianapolis, Jan. 30.—The house and senate met at 10 this forenoon with a majority of the members present, although some who went home for Sunday straggled in late. Speaker Cantwell, who was ill when the house adjourned Friday afternoon, is much better and will probably be able to preside throughout the remainder of the session, which is now half completed.

This will be the most important week thus far, as it will witness decisive action relative to the Guill amendment to the Nicholson law, which will come up tomorrow afternoon in the senate as a special order of business. It is the understanding that the liquor interests are directing their fire toward the senate, hoping to defeat the bill there or so amend it as to remove the sting. If they can do this the fight in the house will not be so hard.

The Sunday baseball bill will be reported out of committee this week and its fate will probably be fully determined or at least indicated. The codification commission's bills will receive more attention, and it is probable that there will be a report on the railway commission bill, which has been referred to a committee of shippers and railway attorneys to revise. There is not much doubt but that some railroad commission legislation will be enacted this session.

Senator Baracus' primary election law bill will have a final inning before the senate this week. It is one of the important measures now pending. It is probable that the senate and house will begin at once taking up the measures the others have passed.

Lieutenant Governor Miller, presiding officer of the senate, who keeps close tab on the progress of legislation, said today that the members have not had a fair chance as yet to consider the codification bills, but they will have from now on, and he looks for good results immediately. He is satisfied with the work accomplished thus far, as it compares favorably with that of four and two years ago. Up to this date fewer bills have been introduced than in either of the two preceding sessions. At the rate the legislators are now going Mr. Miller figures they will have introduced about 750 bills before the final adjournment, which will be a hundred less than two years ago and two hundred less than in 1901. Senators O'Brien, Thralls and Lane are the only members of the senate who have not introduced a bill this session. Senator O'Brien has a clean record in this respect, for he did not introduce a bill two years ago.

Senator Hugg of this city holds the record this time for bills introduced. He has presented twenty; Senator Marks of Plymouth, fourteen; Senator Singer of Versailles, fourteen; Senator Wood of Lafayette, ten. The senate has passed twenty-five bills, the house twenty. In the senate two years ago Senator Will Wood held the record for number of bills introduced.

DEATHS BY RAIL

Series of Fatal Accidents Occurs in Indiana.

Brownstown, Ind., Jan. 30.—Ralph Rider, aged nineteen years, son of Frank Rider of Crothersville, was killed while attempting to alight from a passenger train. His head was severed from his body and the body was badly mangled. He boarded the train intending to get off at his home at the edge of town. The boy falling to come home at the usual hour, the family began searching for him, but gave up the search. Later a workman on his way to work discovered the body. The head was found two squares distant.

Brains Scattered Along Track.

Orleans, Ind., Jan. 30.—John Read, a former watchman for the Monon at this place, was killed by passenger train No. 5 on the Monon. The top of his head was knocked off and his brains scattered along the track. Both arms were cut off. He was about twenty-six years old and unmarried.

Boy's Body Cut in Two.

Columbia City, Ind., Jan. 30.—Archie Billman, fourteen years old, was run over and instantly killed by a Pennsylvania train here. His body was cut in two.

Crushed Under Switch Engine.

Fort Wayne, Ind., Jan. 30.—Thomas Cullen, foreman here of the yards of the Pennsylvania railroad, was crushed to death under a switch engine.

Poor Health the Cause.

Valparaiso, Ind., Jan. 30.—Fred Beyers, aged forty-three years, a well-to-do business man, committed suicide. Poor health is assigned as the cause of the act.

CASTORIA

For Infants and Children.

The Kind You Have Always Bought

Bears the Signature of *Chas. H. Fletcher*

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. BEWARE OF IMITATIONS of FOLEY'S HONEY AND TAR

On account of the great merit and popularity of FOLEY'S HONEY AND TAR for Coughs, Colds, and Lung Trouble, several manufacturers are advertising imitations with similar sounding names with the view of profiting by the favorably known reputation of FOLEY'S HONEY AND TAR.

DO NOT BE IMPOSED UPON

We originated HONEY AND TAR as a Throat and Lung Remedy and unless you get FOLEY'S HONEY AND TAR you do not get the original and genuine.

Remember the name and insist upon having FOLEY'S HONEY AND TAR. Do not risk your life or health by taking imitations, which cost you the same as the genuine. FOLEY'S HONEY AND TAR is put up in three sizes—25c, 50c and \$1.00.

Prepared only by FOLEY & CO., 92-94-96 Ohio Street, Chicago, Illinois.

SOLD AND RECOMMENDED BY COX PHARMACY COMPANY.
